CPU-HOLDER

WAll MOUNTED

Why only use the installation opportunity underneath the desktop, when the working environment has numerous other surfaces recommendable for installation. This CPU-holder must be mounted directly on the wall, which, besides space optimization, gives the employees full access to the working station without any disturbing factors.
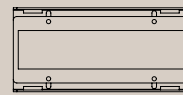

CHARACTERISTCA:

- The CPU-holder has width adjustment om 45 mm. – 160 mm., which makes it possible to use this CPU-holder for a broad array of computers unaffected by the size.
- The wall-mounted CPU-holder can carry up to 20 kg
